# PROBLEM STATEMENT

A normal paper resume is plain and limited in design, which makes it hard to show creativity and stand out. To solve this, I create a digital resume that presents my personal details, skills, education and projects in a clear, attractive, and easily accessible way.

# PROJECT OVERVIEW

The project focuses on developing a Digital Portfolio Website to showcase personal details, academic background, technical skills, and project work. The portfolio emphasizes user-friendly design, responsive layout, and interactive elements, enabling viewers to navigate easily and understand the profile.

# WHO ARE THE END USERS?

1. Students & Professionals – To showcase their skills and achievements.
2. Recruiter's & Employers – To evaluate candidates 'capabilities a traditional resume .
3. Academic Institutions – For student's project submissions and evaluation.

# TOOLS AND TECHNIQUES

Front-end :

HTML,CSS,JAVAScript.

Version Control : GitHub

Design tools : Canva ( for  
layout design)

# POTFOLIO DESIGN AND LAYOUT

**Home page : Introduction and Banner Section.**

**About section : Personal Details, Academic Profile.**

**Skills Section : Technical expertise and Skills.**

**Content Section : Address, email and phone number.**

# FEATURES AND FUNCTIONALITY

- Proper use of fonts, spacing and alignment makes the design professional.
- The Layout is simple, attractive, and user- friendly, making the information easy to follow.
